Selectmen's Meeting

SUIT AGAINST TAXPAYERS

Mattapoisett Selectmen conferred with Town Counsel Donald Fleming in executive session to discuss the lawsuit brought against Mattapoisett by the Old Rochester Regional School Committee. At the conclusion of the session, Board of Selectmen Chairman R. William Blasdale announced that Attorney Fleming will inform the court that no deficiency exists.

WILL PUSH FOR OLYMPIC POOL

Mr. Warren Davis told Selectmen that he is not discouraged by the recent election and will continue to seek federal funds from the "Parks & Heritage" agency to build an olympic swimming pool to be located at Old Colony Regional Vocational Technical High School. The pool would be open to any citizen of the United States, he stated. He said that he had to swim frequently and was sure that other people in the area had the same regimen and would be glad of the pool. Mr. Blasdale stated that in his opinion such a pool would be classed as a luxury. He asked Mr. Davis, "What is the matter with the Y pools?" Mr. Davis replied that the "Y" had so many programs booked for the pool that it was difficult to swim when you wanted to. He said that he frequently had to wait for extended periods for pool use. Mr. Blasdale said that considering the recent vote and the mood

Mr. Davis said that he would like to place an article in the next Mattapoisett Town Warrant to create a committee to seek federal money for a pool at Old Colony. He said that in the interim he will continue to work on the proposal.

APPROVE OIL TANK

No objectors appeared at a hearing on application of David F. Brownell for an underground storage tank of a capacity of 9500 gallons at Brownell Boat Works. Linda Brownell said that the tank was a necessity so that fuel could be purchased in enough bulk to make the price within reason. Selectmen approved the application.

a mental alarm was triggered by three different facts. First, the lady had been the victim of robberies in her home; second, there was no motorcycle; third, the two men did not look right and were complete strangers to the area. She made a mental note of their appearance and their vehicle and phoned the police control center with this information at once. The Mattapoisett cruiser crew, dispatched to check out the incident, noted a vehicle in the driveway of Mr. Barney Helfand, Crystal Spring Road, that matched the color and description of the strangers' vehicle. This home is just down the road from the home of the complainant. The patrolmen stopped to check. They found two men on the back porch, Matthew Frates, 28, of Fairhaven, and James Brophey, 21, of Rhode Island, working with a pry bar on the back door. The police arrested them.

Detective Robert Moore of the Mattapoisett Police Department cited the incident as a classic case of an alert citizenry working as the eyes and ears of the police as the best possible deterrent to crime. Mattapoisett is a huge area containing miles of road much of it remote. Only the people who live there are familiar enough with their own area to recognize instantly what does not look just right. A simple call to the control center with a description of an incident leads to a check that could be helpful to a legitimate stranger or can lead to the saving of property as in the case of Mr. Helfand. In Fairhaven center, this week, in almost a carbon copy of this incident (except for the ending) a neighbor on Chestnut Street noticed two young men ringing a doorbell across the street and then loitering in front of the same home. She thought nothing more of it until later that evening when she learned that that home had been entered through a jimmied basement window and had been robbed. If people are to be able to leave their home unattended with peace of mind, an alert neighbor is their best defense against the criminal. A simple phone call to the local police control center can do it as was proven on Acushnet Road.

PUPPET SHOWS AT CENTER SCHOOL

The United Cerebral Palsy Association of Brockton presented puppet shows this week to students of Center School in Mattapoisett. As you will note, the schedule calls mostly for shopping except for our visit to Edaville, because that is apparently what most of you want. St. Gabriel's Church is having its traditional Fair Noel on December 6th from 11:00 a.m. to 2:00 p.m. in the Parish Hall on the corner of Front and South Streets in Marion.

A tantalizing assortment of baked goods both fresh and frozen for the holiday season will be available also. Some of the specialties include quiches, rolls, breads, pies, cookies, and hors d'oeuvres. The frozen baked goods are great for planning

A THANK YOU FROM M.Y.A.A.

The M.Y.A.A. would like to thank all the people who helped to make our first fund-raising dance a tremendous success. Special thanks go to the great people of Acushnet who helped us to organize the dance, especially Bob Sylvia. We also wish to thank all the men and women who gave their time collecting and selling tickets, working behind the bar and helping throughout the dance. It was because of everyone's combined efforts that the dance was such a success.

We appreciate all the personal donations that we received and especially the one from St. Anthony's Church. Also, many thanks to the following businesses who donated door prizes: The Big 3, The Hay-Loft, Brad's, The Sail Away, Village Package, Independent Fasteners, Romeo's Package Store, Fred's Package, Seaport Pharmacy, Oxford Farms.

Thanks again

Paper and yarn, grapevine and heather -
Creating things wonderful; putting ordinary things together.

With sweet magic of sharing, loving and caring,
They're making butterflies, God's eyes, and rock magnets too!

Bringing joy and gladness -- "A Merry Christmas for You!"

Once again the Mattapoisett Parent-Teachers' Club invites all Mattapoisett children in grades K-6 to an afternoon of holiday workshops on Sunday, December 7th, from 1-4 p.m. Grades K-3 will be busy at the Center School cafeteria and grades 4-6 at the Old Hammondtown cafeteria.

Thanks to caring and patient teachers, parents, teenagers and grandparents who have offered their valuable time, the P.T.C. will again be able to sponsor the workshops. Last year over 400 children spent the afternoon at Old Hammondtown fashioning love pillows, seashell candles, gingerbread persons, and boxes full of promises. All at no cost to the children, except for hard work and lots of fun mixed in.

This year promises to be more exciting and fulfilling. The craft items are not only delicate and beautiful; they are useful -- grapevine and bittersweet wreaths, paper butterflies and stars of David, stained glass window hangings, and colorful weavings to spruce up your holiday house.

Thanks, too, goes out in advance to Mr. and Mrs. Frank Martocci for generously contributing their grapevines, to United Merchants and Manufacturers of Fall River for their donations of contact paper and fabric two years in a row, and to countless parents and friends who, together, supply our children with most of the materials.

It is important to mention that most of the materials are ordinary articles found around the house or seashore and recycled into gifts. Discovering this, the children begin to learn that the most wonderful gifts are right at their reach to be given with great pride and feelings of accomplishment. Hopefully, they will feel that they don't need money to give something of themselves.

Any of the following items will be warmly received. Drop-off boxes are the OHS office and the Center School cafeteria.

Bittersweet, ribbon, yarn, especially rug yarn; paper towel tubes, clean 1/2 gallon milk cartons, 1 quart milk cartons, rolls of leftover wallpaper, candle stubs, plastic circles from six-packs of cans, 3 pound coffee cans, cigar boxes, used greeting cards, picture magazines, egg cartons, wrapping paper, clean plastic soda bottles (2 liter size - kind with flowerette bottom - Coke, Fresca, etc.), plastic margarine tubs, cotton/polyester fabric - white or light solid colors, small prints.

Also, anyone willing to let us use their sewing machine, iron, ironing board, electric fry pan, or thin wire cutters for the afternoon only, please call Ruth Bates or Ellen Driscoll.

Cape Bridge Traffic

Alternating north-south traffic will be in order on the Bourne highway bridge over the Cape Cod Canal on Thanksgiving, Christmas and New Year's days. The U.S. Army Corps of Engineers who are supervising the $12 million rehabilitation of the bridge said police will institute the alternating traffic plan at 6:00 p.m. on the night before each of the holidays and it will continue until 6:00 a.m. the day after each holiday.

"The holiday schedule is identical with the one we are using on Sundays," Colonel William E. Hodgson, Jr., said. The Acting Division Engineer said the weekend on/off Cape Cod traffic plan is the best method for serving the greatest number of motorists.

Except for the three holidays, the regular schedule will be followed until repairs are completed in May of 1981. That schedule is: Monday through Saturday: 6:00 a.m. to 11:00 a.m., northbound; 11:00 a.m. to 2:00 p.m., southbound; 2:00 p.m. to 6:00 p.m., northbound; 6:00 p.m. to 6:00 a.m., alternating.

sides reminding us of Christmas cards or crisp snow days, evergreens are very definite in their differences, and it is fairly easy to begin to distinguish one from another. White Pines, Hemlocks, Junipers, Firs, Balsams, and Spruce each have their own formations of evergreen leaves and cones, so that even children can discern the differences. Come learn the fun of identifying evergreens on Saturday morning, November 29th, at 10:00 a.m., free to all ages.

MICROWORLDS - NOVEMBER 26th

A new class will be offered at the Museum Wednesday afternoons from 3:30 to 4:30 on four consecutive Wednesdays starting November 26th. Children ages 7 to 12 will use 10x lenses, compound microscopes, a microprojector, and other tools to explore a variety of fascinating microworlds in nature. Plants, insects, portists, water bears, rotifers and many more strange things are revealed by these unique tools of science. The beauty, symmetry, and order of the universe is reflected in the wing structure of a honey bee, or a tree bud. Come with us and discover a new world. There is a charge for the class; please call to register.

Vigilant On Duty

VIGILANT IN MARIJUANA SEIZURE

Weeks of perseverance paid off for the U.S. Coast Guard Cutter Vigilant recently when she seized a 67 foot fishing vessel containing over 31 tons of marijuana. Vigilant, homeported at State Pier, New Bedford, boarded "The Hydra" of Miami, Floriday, in the Caribbean's Mona Passage, between Puerto Rico and the Dominican Republic, on October 14th and found 783 80 pound bales aboard, along with sophisticated communications and navigation equipment and enough supplies for a lengthy

Following the seizure, the Hydra's crew of five, four former Cuban refugees and one naturalized U.S. citizen, were arrested and held in custody aboard Vigilant. A custody crew drawn from the cutter's personnel conducted the former shrimp fishing boat into San Juan, Puerto Rico, escorted by Vigilant.

Upon arrival, vessel and crew were turned over to U.S. Customs Agents. The seizure of the marijuana-laden vessel followed several uneventful weeks spent patiently patrolling in various parts of the Caribbean, including conducting boardings of 12 craft of all types. Vigilant departed New Bedford on September 25 enroute the straits of Florida for duty with the Coast Guard squadron dealing with the Cuban refugee exodus, but was diverted to a more widely focused law enforcement patrol when the boatlift was officially suspended on September 27th.

The cessation of the boatlift operation allowed greater efforts to be exerted by the Coast Guard toward stopping the flow of drugs into the United States. A number of other seizures were made during Vigilant's patrol, including several by another New Bedford-based cutter, The Unimak. The 31 tons of marijuana seized by Vigilant with the Hydra was the largest single seizure of the period.
